TISSOT
SWISS WATCHES SINCE 1853

REWARD THE INDIVIDUAL

The future of your company depends on you, but also on your colleagues, your customers and your suppliers. It is important to acknowledge the individuals who contribute to the success of your company everyday.

DO YOU WANT TO RECOGNISE OR THANK THEM?

A Tissot timepiece can show the appreciation of someone's hard work or simply motivate them to do better. It can say:

«WELL DONE!» TO A HIGH-PERFORMER

«WE VALUE YOU!» TO A CUSTOMER

«THANK YOU!» FOR A LONG SERVICE AWARD

A watch is the perfect gift as it has a long-lasting value.

ABOUT TISSOT

SWISS HERITAGE IS AT THE HEART OF TISSOT AND IS WHAT GIVES THE BRAND ITS REPUTATION.

The plus sign in the logo symbolises the Swiss quality and reliability Tissot has shown since 1853. The watches, sold in more than 160 countries, are authentic, accessible and use special materials, advanced functionalities and meticulous design. Tissot stands by its signature, "Innovators by Tradition".

Every year, more than 4 million customers purchase a Tissot timepiece, making Tissot the leader in the traditional Swiss watch industry.

MORE THAN 160 YEARS OF HERITAGE

Tissot boasts a rich and fascinating history, starting in the Swiss Jura mountains, the cradle of Swiss watchmaking. In 1853, Charles-Félicien Tissot and his son Charles-Émile Tissot set up the company in the town of Le Locle.

INNOVATORS BY TRADITION THE VERY ESSENCE OF THE BRAND

Tissot has always been innovative in terms of technology and design. This has led to the creation of milestones such as the Tissot Antimagnétique in 1930 (world's first non-magnetic wristwatch) the Tissot Navigator in 1951 (world's first automatic watch with 24 time zones), as well as the Tissot Idea 2001 in 1971 (world's first synthetic mechanical watch), and the Tissot RockWatch in 1985 (world's first watch made of stone). Every innovation brought Tissot closer to producing the first ever tactile watch in 1999, the Tissot T-Touch.

SCAN ME

THE SPIRIT BEHIND THE SPORTS REFLECTED IN OUR PRODUCTS

It has been a passion since our very beginnings. However, we always wanted to be more than just a sponsor; Tissot wanted to be a part of the game by doing what it does best – timekeeping.

In addition to being a natural vector for communication, reaching a large number of people through an exciting and emotional medium, timekeeping is also a way to stay on top in terms of technology. As sports evolve, so do we. Tissot strives for better performance, dedicating itself to the search for new technologies in order to deliver more accurate results every time it steps into the sporting arena.

As a proud partner, our role is to supply watches but also contribute to innovation in the measurement of time. This goal is demonstrated by our partnership with the NBA, recently renewed, the FIBA 3x3, the Giro d'Italia for which we are again Official Timekeeper, the MotoGP™ and the Ice Hockey Federation. Not forgetting other major events in cycling as the Tour de France, rugby, fencing, Superbike, table tennis and more.

SCAN ME

WHY CHOOSE TISSOT ?

Our signature, "Innovators by Tradition" demonstrates our commitment since 1853, to produce watches that are both original and steeped in tradition, with innovations including the world's first touchscreen watch or the Powermatic 80 silicium movement. In our price range, this kind of performance in autonomy and precision is revolutionary!

We focus meticulously on design details and use only the finest materials such as 316L stainless steel, PVD coating, Nivachron balance spring, titanium, 18-carat gold, scratch-resistant sapphire crystals and real Top Wesselton diamonds.

We translate high recognition into high performance with our large range of Swiss Made timepieces. Whether sporty, classic or technical, everyone will find something to love. You will find some key highlights of our collection in the next pages.

PERSONALISED ENGRAVING

Depending on the watch selection, you can add your own accent to your Tissot model by means of a personalised engraving. Whether you are looking for an engraved love message, name, life motto or logo for a corporate gift, you can be sure that it will add a unique value to your timepiece.

**For more information, please contact your local Tissot subsidiary.
You will find the address on www.tissotwatches.com.**
